The holiday activities and food (HAF) programme provides healthy meals, enriching activities, and free childcare places to children from low-income families, benefiting their health, wellbeing and learning.

Since 2022, the HAF programme has provided 10.7 million HAF days to children and young people in this country. The expansion of the programme year-on-year has meant a total of 5.4 million HAF days provided between Christmas 2022, Easter and summer 2023.
